OBJECTIVE	<i>A software developer having keen interest in the field of Big Data and Data Analysis. I wish to incorporate my knowledge with the requirements of the organisation in order to bring out the lurking flaws of the human economy and ameliorate the present conditions.</i>	
EDUCATION	University Institute of Engineering and Technology, Panjab University, Chandigarh <i>Bachelor of Engineering (B.E), Information Technology(IT)</i> July 2019	CGPA: 8.99/10.00
	St. Ann's Senior Secondary School, Roorkee (Uttarakhand) <i>Class XII (Senior Secondary Examination), CBSE</i> March 2015	Aggregate 94.8%
	St. Ann's Senior Secondary School, Roorkee (Uttarakhand) <i>Class X (Secondary Examination), CBSE</i> March 2013	CGPA: 10/10
	TECHNICAL SKILLS Languages : C++, Python Database : MySQL Tools/Framework : Hadoop, Pulsar, Oozie, Java Spring Boot, Android Studio Familiar : Java, Linux, HTML5, Statistical Learning, Scala, Docker, Kubernetes Business : Presentation and Leadership, Team Motivation	
ACCOMPLISHMENTS	<ul style="list-style-type: none">• Qualified GATE-2019 with Gate Score 640• Android Application by the name RED-AID published on Google Playstore from Jan, 2018- Nov, 2018• Won Impact Award at Hacksprint 1.0 at UIET, Panjab University	
EXPERIENCE	Guavus, A Thales Company: Associate Software Engineer Jul 19 - Present <ul style="list-style-type: none">• Working as a BigData Developer majorly using JAVA, Python and SQL, responsible for building solution pipelines and adding features to the solution in the Big Data ecosystem.• Developed, debugged and validated the SQLStream pipeline that enriches and aggregates streaming tethering data on an hourly basis and writes the output to Kafka. This project involved gaining knowledge of the existing tethering data enrichment pipeline written in Java MapReduce for replicating the logic in SQLStream.• Independently working on an Apache Pulsar Sink plugin for SQLStream. This plugin is to be used to write data to customer's Pulsar message bus.	
	Gemini Solutions Private Limited: Technical Trainee Jan 19 - Jul 19 <ul style="list-style-type: none">• Responsible for creating a Java based inhouse web application using Spring Boot and enhancing already existing Java Spring microservices.• Also deployed the application using Docker and Kubernetes.	
	Design and Innovation Center, UIET, Panjab University: Project Intern Jan 18 - May 18 Responsible for creating a desktop application for translating Hindi-English mixed sentences into English. The Hindi part of the sentences could be in romanized form.	

Responsible for creating an Android Application by the name Red-Aid aimed towards the blood donors and the blood donee. It also facilitates organ donation pledge taking task for the donors.

Under the guidance of Dr. Krishan Kumar (Professor, Department of Information Technology, UIET) we were able to simulate a system that detects the Flood Attacks on a server using a Hadoop Cluster of 5 nodes and improve its performance.

- The News Portal is a desktop application that collects the news articles corresponding to a keyword, through web-scraping(Online News Websites) or live streaming from twitter and displays a summarized result from the two sources.

- This project involved a desktop application that translates the Hindi-English mixed sentences(including the romanized form of Hindi) into complete English sentence.

- This is an Android Application that is targeted towards people in immediate need of blood. It searches for the nearby donors and provides a way to contact them without disclosing the identity of the donor to the donee unless the donor allows.

- **Functional Programming Principles in Scala** on Coursera
- **Introduction to Big Data and Hadoop** at UIET, Panjab University, Chandigarh
- **Core Java Training** at NICT, Chandigarh

• Theory of Computation • Computer Architecture and Organisation • Computer Graphics
• Data Structures and Algorithm • Introduction to Database Management
• Object Oriented Programming • Operating System • Computer Networks

- Participated in the Grand Finale of Smart India Hackathon 2018.
- Participated in Rajasthan IT-Day Hackathon 2018.
- Participated in HackInTheNorth 2.0 at IIT Allahabad.
